the world

Getting started...

01

Give your details to your neurologist or nurse

they will use these details to sign you up for MSGo

02

Follow the instructions emailed to you

to read the terms of service and download the app

03

Log in

with the email you provided and create a password

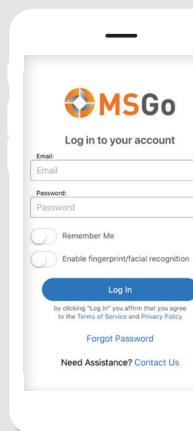

Go

from
d go

If you have any questions,
give the MSGo nurse
team a call on

1800 MY MSGO

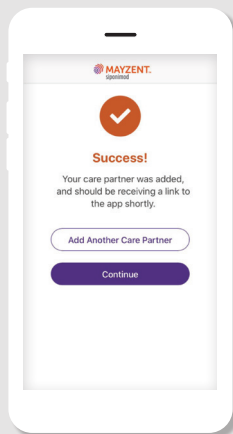

or email via
info@ms-go.com.au

04

Add any care partners

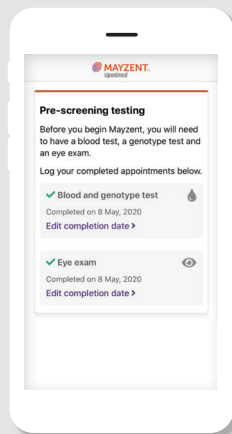

you would like to share your progress with

05

If you're new to MAYZENT

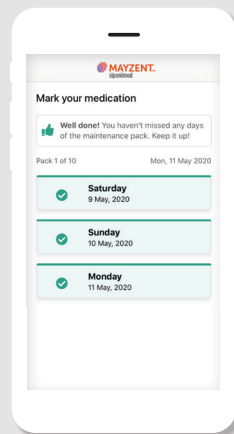

you'll be able to see what pre-screening tests your neurologist has requested and once booked, when and where they have been scheduled

06

Once you're using MAYZENT

you can set up reminders and start monitoring your daily dose

For more information about MAYZENT, speak to your doctor or refer to the MAYZENT Consumer Medicines Information

Essential and practical tools:
